

The Power to Protect

Customer: _____ Date: _____
Address: _____
City: _____ Province: _____
Country: _____ Phone _____
Fax: _____ email: _____

Request for a Dynamic Braking Resistor Bank quotation:

I.- Electrical Ratings:

Resistance: _____ Ohms Power: _____ KiloWatts

II.- Operation:

Braking Cycle: _____ Time on / _____ Time Off. _____
Maximum braking time: _____

III.- Additional Information:

Motor power: _____ H.P. Drive Manufacturer: _____
Application: _____ Terminal Block: _____
Heat Sensor: _____ N.O. _____ *N.C. _____

IV.- Enclosure Classification :

___ Open Frame
___ Indoor type Ventilated NEMA 1 (IP-11)* ___ Outdoor type Ventilated NEMA 3R (IP-33)
___ Outdoor type Watertight Dust-tight NEMA 4 (IP-54)

Enclosure Material:

Cold rolled steel: _____ Aluminum: _____ Stainless Steel: _____
Mill Galvanized: _____ Hot Dipped Galvanized: _____ Other: _____

Enclosure Finish:

Natural: _____ (Aluminum, Galvanized, & Stainless Steel)
Enamel Paint: _____ ANSI-61 (light gray)* _____ ANSI-70 _____
Epoxy Paint: _____ Other Special Paint: _____

* Represents I-Gard Standard
